VOL. 60 — NO. 10

## Observations... By the Editor

We are in receipt of a number of post cards stating "WE DO WANT THE BRIDGE ON THE NORTH ROUTE". These cards were signed by Jay Warner, Mrs. N. Benigno, Mr. and Mrs. Roland Tallack, Mrs. D. D. Rando, Peter Sick, John Sick, Mr. and Mrs. Sylvester Gagliardo, Mr. and Mrs. J. M. Bell, Mr. and Mrs. J. B. Wheat Jr., Harry Warner, Mr. and Mrs. Henry Luxion, Mr. and Mrs. Conrad Sick, Miss L. B. O'Leary, Adeline Vontour, Miss Rose Mary Bourgeois, Mrs. Mary Carver, George A. Garcia, W. H. Benham, Andrew Mazaret, Hilda Sick, Barbara Sick, Henry E. Carmichael, Adele Mazaret, Joe Compretta, and Eugene J. Garcia. These people certainly are entitled to their opinion, and must have a reason to want to see the bridge located at the north end of town. We, and many others, of course, cannot agree with their position. We have tried to look upon this matter in the light of the effect the change will have upon our city. Personalities have not, and will not, enter our fight to maintain the bridge in its present location. We wish it were possible for the Highway Commission to call an election and see what the will of the majority of the people of the City would be; and we are certain, if this were possible, it would then set at rest any further discussion as to location. With it all, we are still maintaining our position that the best possible place to locate the new "Monument to Political Indifference" is at the present site.

The membership of the Teen Age Club, have undertaken the selling of magazine subscriptions in order to raise some much needed funds for their club. . . They will receive from 30 to 50 per cent commission on the sale of the magazines, and on renewal of subscriptions. . . Why not save your subscriptions for these youngsters who are working so earnestly to maintain a place of supervised amusement for the teen age group of Bay St. Louis. . . They need your encouragement.

The death of George P. Money, Editor of the Biloxi-Gulfport Herald, and former Deputy Clerk and Commissioner of the Federal Court at Biloxi, though expected for some time, brings sadness to many who knew this venerable gentleman. He was blessed with a long and useful life, and was admired and respected by all who knew him. George Money lived the greater portion of his life on the Mississippi Gulf Coast. Always active in civic matters, he was one of the pioneers in its development. We join with his many friends in extending to his bereaved family our sincere sympathy.

### John A. Egloff Announces Candidacy For County Sheriff and Tax Collector

#### GIVES CORRECT LIME PRICES

Fitzhugh Lee, Chairman of the Hancock County PMA Committee, announced the correct prices on lime set up on purchase order during 1951.

At present there are two vendors in Pearl River County who handle limestone. The Farmers Warehouse has been set up as a vendor to furnish bagged limestone at \$7.50 per ton; and the City Cash Feed Store has been set up as a vendor to deliver and spread bulk limestone at \$6.95 per ton. The rate of payment on which the PMA will give assistance is \$4.20 per ton. With the price of this material as of today, it will cost approximately \$2.75 per ton delivered and spread and \$3.30 per ton in bags, the Chairman stated.

In order to obtain the lime, farmers may either write or call the PMA office in Bay St. Louis and request information pertaining to the liming program. It has been suggested that farmers call by the office and find out exactly the funds available for their farm and obtain a purchase order for this material.

The chairman advises all farmers in Hancock County, who would like to have lime for their farm, to place their orders at an early date, in order that this work can be completed prior to planting time.

#### W V F D To Meet

A meeting of the Women's Auxiliary of the Waveland Volunteer Fire Department will be held Thursday, March 15, at 7:00 p.m. at the Waveland Town Hall.

Mrs. Richard Noonan, chairman of the Auxiliary, asks that everyone interested in making the benefit, planned for April, a success, please attend as it is essential that all plans be made at this time. She requests that the chairman of each committee come prepared to outline the arrangements and to report on what has been accomplished.

April 7 is the date selected for the affair and the Auxiliary members are working now to make the affair a success.

We are authorized to announce the candidacy of John A. Egloff, for the Office of Sheriff of Hancock County, Mississippi, subject to the action of the Democratic Primary Election to be held August 7, 1951.

To the Citizens and Voters, Hancock County, Mississippi,

I take this means of submitting to you my candidacy for the Office of Sheriff and Tax Collector.

Having been solicited by many voters and tax payers I decided to be a candidate for this all important office, you having honored me by electing me to this office before in the primaries of 1943.

In making my announcement I am well aware of the many duties and responsibilities that go with this office and I am confident, if elected, I will be able to discharge the duties of this office capably and efficiently and give to the people of the County an efficient, honest and able administration.

In my humble opinion, I believe that I have rendered that service in the Sheriff's Office when I served you before for four (4) years. I believe that my service met with the approval of the people by my giving the office my undivided attention, and I expect to render that same courteous and efficient service again. I point to my record as Sheriff with pride and my cooperation and work with the Officers of the State Auditor, Motor Vehicle Comptroller, Public Safety Commissioner, State Tax Commission and the other law enforcement Officers and the attorneys of the Court from 1944 to 1948 is a testimonial to my service.

I expect to have the Sheriff's Office renovated so it will take care of the overcrowded taxpayers who are jammed in such a small space, making it more accommodating to the taxpayers.

It will also be my desire and hope to have a two-way radio system installed, this being the only link between New Orleans and Mobile which does not have a two-way radio set-up. By this method each deputy in the five beats will be able to combat crime and give the people the protection which they are due day and night.

As to my personal background, I would like to give the following short biographical sketch: I am 45 years old and was born and reared in Hancock County, the son of the late F. H. Egloff and Marie Surcouf who were likewise born and reared in this County. In my early school days I attended the public schools and later attended St. Stanislaus where I graduated as a member of the Class of 1926. In December, 1932, I married Miss Mable Cuevas of Kilm and we are blessed with three children. Before I was elected to the Office of Sheriff and Tax Collector I was connected with the Coast Electric Power Association for over six years. After leaving the Sheriff's Office I served as deputy sheriff until May, 1949, when I resigned to work with the United States Department of Commerce.

It is my desire to see every voter in the County personally before the primaries in August, and I shall endeavor to do so; but, I am taking this means of asking each and every voter to give my candidacy his or her earnest and careful consideration.

Respectfully yours,  
JOHN A. EGLOFF

#### KITE CONTEST

March 10—2:00 p.m. Kite contest. All kites must be made by the boys and girls for members only. Kites will be judged on beauty and adaptability in the air.

The contest will be held at the Youth Center.

All characters for the forthcoming production of the Bay St. Louis Little Theatre, "Born Yesterday," have been cast.

In addition to the leads, to be played by Miss Betty Lee Mitchell and John Scaife, the cast will include John McCord as Paul Verral, the tutor-newspaperman who coaches the heroine, Phyllis Allison, the role of Ed Devery, the most promising attorney who now tells his talents; Roland Weston will be seen as Senator Norvald Hedges; Mrs. Scott T. Assenheimer, Mrs. Hedges; Roland Hedges as Eddie Brock, the cousin of the irritable czar, Harry Brock; Chrystal Shafer as Helen, the maid; Billy Jacks as the bell hop; Eldred Assenheimer, the barber; Mary Helen Curran, the manicurist; Andrew Scaife, the boot black; Joe Scaife, the waiter; and Alden Mauffray, assistant hotel manager.

Of particular interest to theatre goers is the fact that the cast consists of one newcomer to the community, John McCord, and four members whose initial appearance behind the footlights will take place with "Born Yesterday."

Those adding material to the production backstage are Mrs. Odette Wittesberger, who is supervising costumes; Herbert Wise, stage settings; Mrs. Townsend Wolfe and Mrs. Gertrude Sautier, furniture and decorations; prompting, Mrs. Joseph Schaff; lights and sound effects, Miss Adele Grant; and Robert Mitchell, Jr., Properties.

The play, directed by Miss Mitchell, will be produced March 29, 30 and 31 at the Little Theatre playhouse on Boardman avenue.

#### Plan Altar For St. Joseph's Day

The Feast of St. Joseph will be celebrated at the home of Jasper Maurigi, 312 St. John street, Monday, March 19.

The public is invited to visit the altar from 5:00 p.m. Sunday, March 18, through 11:30 a.m. Monday.

Anyone wishing to make a contribution for his own intentions is welcomed to do so.

## P. E. Porter, Sr. Named Outstanding Dealer by Pontiac; Presented Award

Pontiac Motor Division of General Motors has named the Porter's Pontiac Service of Bay St. Louis, to the Better "Hall of Fame" for outstanding dealer accomplishments.

The Porter's Pontiac Service has represented Pontiac three years, all in that location. The firm is headed by P. E. Porter, founder and president.

**PRESENTED PAINTING**  
With honors, Mr. Porter has been presented a reproduction of the famous painting of Pontiac, Chief of the Ottawas and Indian Confederacy leader, for whom the car is named. C. K. Overholser, Assistant Zone manager of the Pontiac Memphis Zone, made the formal presentation and lauded improvements, community service and accomplishments of Mr. Porter.

**GRADED ON IMPROVEMENT**  
Under the Better Dealer program, each Pontiac Dealer is graded on improvement of his physical property; number of qualified, trained workmen; service facilities and adequate equipment, parts and accessories inventory, used car lot operations and advertising and public relations programs. Service to his community is vitally important.

"Our dealers and their employees are the Pontiac division's only contact with the buying public. The goodwill being enjoyed by us today and that we will have tomorrow depends on these contacts of Better Dealers," said Mr. Overholser.

In this regard, Mr. Porter has been active in community affairs for more than 20 years.

Other members of the organization are Mrs. P. E. Porter Sr., bookkeeper and general manager, and P. E. Porter Jr., parts manager.

C. K. Overholser, assistant zone manager of the Pontiac Memphis zone, is shown presenting a reproduction of a painting of Pontiac, chief of the Ottawas and Indian Confederacy leader for whom the automobile is named, to P. E. Porter Sr., local distributor for Pontiac, and P. E. Porter Jr.

## C. C. Jaubert, 1925, To Address Alumni

Charley C. Jaubert, Class 1925, Louisiana State Deputy of the Knights of Columbus, will be principal speaker at the meeting of the St. Stanislaus Alumni Association to be held at the St. Charles hotel Sunday, March 11, at noon.

Members from Bay St. Louis who would like to use one of the Stanislaus busses should contact either Brother Alexis or Brother Edmund by Saturday evening. If a sufficient number warrants, a bus will leave here Sunday at 10 o'clock, and will reach New Orleans in time for the meeting. The early hour was chosen in order to accommodate the members from the Coast and those from the parishes in Louisiana.

Walter J. Gex Jr., Class 1924, President of the Alumni Association, will preside at the banquet as toastmaster.

Several topics will be discussed by the members regarding changes in the Constitution. A large delegation from Louisiana, Mississippi and Alabama is expected to be in attendance.

## George Halquest Dies Wednesday

George Halquest, half brother of James McFey of Waveland and a cousin of Mrs. V. E. Lizana of Bay St. Louis, died at his home in New Orleans Wednesday afternoon, March 7.

The son of the late George Halquest and Josephine Breakel, Mr. Halquest had been in ill health for a number of years.

Funeral services will be held from Fahey Funeral Home this morning, March 9, with interment in Cedar Rest cemetery.

Mr. Halquest has no living relatives other than Mr. McFey and Mrs. Lizana.

—Now that your poll taxes are paid, are you sure that your registration is in order? Check now. Be positive. July, 1951, is the deadline for reregistration. Register now.

## Bay-Waveland Yacht Club Elects Board

### Otho Rester To Make Race For State Representative From Hancock

#### LWV RECEIVES A LOCAL STATUS

The Bay St. Louis League of Women Voters, according to a letter from Mrs. Percy Maxim Lee, president of the National League of Women Voters of the United States, now has the status of local league, Mrs. E. C. Samuel, president of the Provisional League of Bay St. Louis, announced.

This classification enlarges the sphere of the local organization's activities.

Members are asked to remember the following dates:

March 12, meeting of the U. N. Study group at the home of Mrs. John Hebert. Mrs. Hebert Mrs. W. W. James and Mrs. J. R. Schaff will be the guest speakers.

March 27—meeting of the U. N. Study group at the home of Mrs. E. C. Samuel. Mrs. Samuel and Mrs. George Lehtinen will be the speakers.

April 5—General meeting of the Teen-age Center. Election of officers and voting on the agenda for 1951-52 will take place.

April 9—visit of Mrs. Errol Horner, national secretary.

April 11 and 12—State convention in Meridian, Mississippi.

#### C of C To Meet

A meeting of the members of the Hancock County Chamber of Commerce will be held at the Court House Tuesday, March 13, at 7:30 p.m.

Several important matters will be up for discussion, and any member with an idea for community betterment, will be given ample time to explain it in detail, the president announced. Whether a member has an idea or not, he is urged to come to the meeting to hear those who may advance a plan for civic improvement.

### Otho Rester To Make Race For State Representative From Hancock

We are authorized to announce the candidacy of Otho Rester for State Representative from Hancock County Mississippi, subject to the action of Democratic Primary Election to be held August 7, 1951.

To The Voters of Hancock County, Mississippi

After much solicitation from many of my friends throughout the County, I have decided to enter the race for State Representative. I am no stranger to the people of Hancock County as I have lived in the County all of my life.

I served you in the Legislature during the term 1940-1944, and I invite you to review my record while serving as your Representative. You will find that I was always on the job working for the best interest of all the people.

The election was held at one of the largest attended Saturday night dinners since the opening of the Club. Approximately 80 percent of the group voted.

The Board of Governors is now composed of John Bell Commodore; C. A. Breath Jr., Vice-Commodore; Robert L. Camors, Rear Commodore; John McDonald, Treasurer; J. J. Kelleher, Secretary; N. L. Carter, Lucien Gex, E. M. Brignac, Dr. M. J. Wolfe, E. N. Spence, H. L. Kergosien and Henry Chapman.

Space will not permit me to mention all the things that I stand for, but I will mention a few of them.

I am especially interested in better roads. I think the State should take over all our farm to market roads and lend suzerainty to them.

I am interested in our schools. I want to see better schools and better paid teachers.

I am interested in the old people. I want to see them paid at least \$40.00 per month, and if I am elected I shall work to that end.

I am interested in reforestation and the conservation of our natural resources.

I am also interested in the development of our coast. I think it can be made the playground of the nation.

I hope to be able to see each voter and discuss my platform with you before the election.

OTHO RESTER.

## Teeners Sponsor Magazine Drive

The Teen-age club of Bay St. Louis is once again sponsoring a magazine drive to increase their operating funds.

**30 TO 50% COMMISSION**  
Members are selling subscriptions to more than 100 of the popular magazines found in the homes of today. From each sale they receive 30 to 50% commission; the money will go directly to the Youth Center. The contest started Saturday night, March 3, will end Saturday, March 24.

## Mrs. I. Telhiard Injured In Accident

### Plan Benefit Keno For Legion Funds

Be sure to attend the benefit keno game at the Knock-Knock Friday night. The proceeds will go toward the American Legion Sand Beach Fund, a badly needed facility in Bay St. Louis.

"If you want to keep our young folks at home," Fred Fayard, Legion Commander said, "It is necessary to provide entertainment for them. What could be more alluring than a nice beach?"

In continuing Commander Fayard added, "the Legion is a community asset and is making every effort possible to work out a community improvement. Your presence at the Knock-Knock Friday night will help us along our way as well as give us much needed encouragement."

The Bay-Waveland Yacht Club held its annual election for members of the Board of Directors at the club Saturday night.

The present board members were re-elected, with two additional members, Horace L. Kergosien and Henry Chapman, taking office. Leonard K. Nicholson, member of the board resigned because he is not able to attend the board meetings. He offered his cooperation and help if needed.

John Bell, Commodore, carries on for another year in keeping with the by-laws of the organization. The results of this election go into effect April 1, and there will be an election of officers at an early date.

The election was held at one of the largest attended Saturday night dinners since the opening of the Club. Approximately 80 percent of the group voted.

The Board of Governors is now composed of John Bell Commodore; C. A. Breath Jr., Vice-Commodore; Robert L. Camors, Rear Commodore; John McDonald, Treasurer; J. J. Kelleher, Secretary; N. L. Carter, Lucien Gex, E. M. Brignac, Dr. M. J. Wolfe, E. N. Spence, H. L. Kergosien and Henry Chapman.

## Six Boys Injured In Wreck Sunday

Six boys were treated for cuts, bruises and shock at the Kings Daughters hospital Sunday morning, March 4. They were injured in a head-on collision on the Bay of St. Louis bridge at 1:45 a.m. Joe Wittmann, investigating officer stated.

A 1941 Chevrolet, owned by John Allen Love of New Orleans, and driven by Frank O. Dampier, Jr. also of New Orleans was traveling east, and a 1948 Plymouth sedan driven by Oliver Lee Radford, Jr. was traveling west, when the accident occurred on the Hancock County side of the bridge, Wittmann added.

Stadford Raines, also in the New Orleans automobile, Lowe-Dampier, Radford, Norman Green and Leo Choina who were in the Radford car, were treated at the hospital and released.

Passing motorists took four of the boys to the hospital, and the others were taken by Fahey's ambulance.

## Plan Cake Walk

Don't forget the Cake Walk and picture show at the Clermont Harbor School this Saturday, March 10, at 7:00 p.m.

Mr. Schroth will show the pictures of the children receiving their gifts from Santa Claus.

The organization has been divided into 6 teams with 10 members on each team formed. Residents are asked to take renewals to any publication they may receive from the teen-agers now.

**SET \$1,000 QUOTA**  
The quota set by the club is \$1,000 in gross sales, and if it is reached three individual prizes will be awarded. The awards will be \$25.00, first prize; \$15.00 second; and \$10.00, third. A party will be given as the award for the team selling the most subscriptions. It will be for the members of the team and their guests. If the quota is not reached the prizes will go down proportionately.

Mrs. Ida Telhiard is undergoing treatment at the Mobile hospital for injuries received Sunday afternoon when the bus on which she was a passenger, skidded and turned over on U. S. Highway 90, seven miles west of Mobile. Mrs. Telhiard was treated for lacerations of the head, face and left arm.

According to authorities, the driver of the bus slowed down when two automobiles sideswiped ahead of him, and when he did so on the wet pavement, the bus skidded and overturned.

Mrs. Telhiard left her Sunday morning to visit her son, D. B. Cola, Florida. According to reports received here Wednesday, Telhiard, and family in Pensacola showed that the first bone of the vertebrae is broken; she will possibly be in the hospital for the next four weeks.

Mr. and Mrs. Telhiard, Mrs. George Anderson of this city and Mrs. L. C. Cook of Little Rock, Arkansas, are with their mother. Nineteen other passengers on the bus were also hospitalized.

## To Alleviate Suffering Humanity

Once again, we are called upon to lend our aid and assistance, in dollars and cents, to the most humanitarian cause in the world, the American Red Cross. At this time each year the annual Red Cross Drive is held nationwide; and we in Hancock County have always met the quota with the exception of last year, which, we are informed, fell short about \$800.00. This year the quota assigned to Hancock County is \$4,600, \$400 more than last year, and of course, it is going to be a little harder to make than it has heretofore.

The people of Hancock County have always been very generous in their contributions to all worthy causes, and certainly there could be none more worthy to receive their help than the American Red Cross. Our personal experiences with the work of the American Red Cross in Hancock County should be unforgettable. Of course, we can always find some person who may express dissatisfaction, or who may have some personal grievance at the manner in which aid was dispensed; but after all, this great organization is handled by human beings, and no one is infallible. Where so much is done, there is always the possibility of mistakes.

The local situation in 1947, perhaps, was no different than any other. There may have been some mistakes made; but if there were, the good far outweighed them, and certainly, as a whole, the people of this county should never forget the American Red Cross. Who knows when the occasion may arise again when their assistance may be needed; you know full well, if it should, they will be at our beck and call. Could there be any better reason for us to want to contribute to the American Red Cross Drive? Yes, there is. It helps human beings and greatest of all, the help it offers to our fighting men. Then, too, we should not forget that part of the funds contributed in this county remain with the local Red Cross office for local use. Little as you may think, much assistance is rendered by this source. These records, of course, are not made public and for that reason many never think of the good which is done for many a deserving and needy person.

Give generously to the Red Cross and remember that it is a contribution for the alleviation of suffering humanity. To what greater cause could you contribute?

## CLERMONT HARBOR NEWS

MRS. J. G. TREUTEL, Reporter

Have you any news? If you do I would appreciate it immensely if you would jot it down on a piece of paper and drop it in the little box in the post office. Thanks a lot. Everyone likes to read about his neighbor and the Echo likes to print news about you.

## Donates Bell To Methodist Church

The bell and belfry for the Clermont Harbor Methodist Church was donated by Mrs. Tom Thum in memory of her parents, Mr. and Mrs. Joseph W. Lepnox. A notice of dedication ceremonies will be given at a later date.

Marietta Schwartz, daughter of Mr. and Mrs. Charles Schwartz, Jr. and Leo Roos, son of Mr. and Mrs. Jimmy Roos, had a joint birthday party Friday, March 21, at the school.

The birthday cake was pink with small pink cakes placed around it.

Favors and baskets of candy and ice cream were served. Ann Proctor, Sue Klein, Claud Garcia and J. V. Peterson won prizes for the games played.

The teachers and all the school children joined in to help the honorees celebrate.

## Proper Storage Saves On Foods

By MISS MADGE ALLRED

Ground fresh meat and meat like liver and brains spoil more quickly than other meat. These should be stored loosely wrapped and cooked within two days for the best flavor.

For storing cooked meat, poultry and fish, place in covered containers in the refrigerator and use within a few days. To keep the yolk in the center of eggs stored large end up in a covered container in the refrigerator.

For proper storage of salad oils. Keep all frozen foods frozen hard until time to use them. Refreezing after thawing lowers the quality.

Keep all dried foods in tightly covered containers at room temperature; however, in warm humid weather, move them to the refrigerator.

## LICE STEAL EGGS

Low egg production or a drop in egg production may mean that your hens are infested with lice. Keep a close check on your laying flock to keep them free of this parasite. Lice spend their entire life cycle of chickens and will live only a short time if separated from the host. They feed on the feathers, hair and skin and may be found around the vent.

To control lice, spray birds with a 1 percent DDT solution. Spray only on warm days and then no later than mid-morning. Spray over top of body and feathers are thoroughly wet, then spray underneath, wetting the feathers around the vent. One thorough spraying will clear an infection of chicken lice.

## PLAN A UTILITY ROOM

Ever think of planning a utility room? A utility room will provide a place for all laundry equipment, including an ironing clothes line. It provides a place for the men to wash after coming in from the field.

Such jobs as sorting and cleaning vegetables, cutting meat and arranging flowers are tasks well suited for the utility room. If it is desired, space can be set aside for a well-planned sewing area. Or the hot water heater may be placed there.

Good lighting is necessary for getting work done quickly, accurately, easily and safely. Forty foot candles of light are recommended for the utility room. Use two round metal reflectors with 150 watt silvered bowl bulbs or two 40-watt fluorescent tubes. Mount one of either type over work centers.

Place electric outlets about 40 inches high at each working center to have them in easy reach and to keep cord off the floor. Be sure that there are enough electric circuits to take care of

your present equipment and new equipment that you plan to install.

## TIME SAVERS

A rolling tray-table to carry meals from the kitchen to the dining room and to carry out the dishes will not only help save steps in meal serving but the table can also be used in the laundry, in house cleaning, food preservation and even for some outdoor gardening.

Small tables or stands can be easily converted to rolling tray-tables by installing ball-bearing casters and a comfortable handle. The Department of Agriculture's step-saving kitchen includes a "planning desk" that is actually a drop leaf table on casters so that it may double for extra work space when needed.

## LOGTOWN NEWS

By Jay Metz

The election Saturday afternoon, March 3, for Logtown Consolidated School Board Trustees resulted in the return to office of Earl Holden of Napoleon. He was elected for a three year term. Other trustees are Cliff Hays of Napoleon and Colonel John Metzler of Logtown.

The president of the Logtown School District, P. T. A. has scheduled the first meeting of this school year for Monday evening, March 19, at the school house. This is a most important meeting for all parents of school children, because a new slate of officers is to be elected for the 1951-1952 session. At the conclusion of this meeting, all people present who desire typhoid booster shots or vaccinations will be able to obtain them, for Mrs. Hays will be present to render this service.

Mrs. Alphonse Smith of Napoleon has been selected as the new cafeteria assistant for the balance of the school year. She replaces Mrs. Charlie Casanova who resigned recently because of ill health.

Mrs. Herman Jones and Mrs. Forest Summers are to be joint hostesses at a stork shower honoring Mrs. Audrey Blackman Miller. The party is scheduled for 7:30 p. m. March 10 at the home of Mrs. Herman Jones.

Cutworms Controlled  
By Application of  
Toxaphene EmulsionDELTA BRANCH EXPERIMENT  
STATION FINDS TREATMENT  
WILL CONTROL CUTWORMS,  
BUT NOT SLUGS, IN LADINO  
CLOVER

Slate College, Miss.—Since cutworms frequently cause severe damage to clover and winter cover crops being saved for seed, the Delta Branch Experiment Station at Stoneville is studying methods of controlling these worms.

"When these insects overwinter in large numbers, an application of toxaphene emulsion in mid-April will give adequate control," Dr. Peter G. Hogg, agronomist at the Delta station, reported. "Toxaphene should be applied at the rate of 2 pounds per acre in 3 gallons of water if applied with tractor-mounted spray equipment and at the same rate of toxicant in 1 or 2 gallons of water per acre if applied by an airplane."

Toxaphene has also been found very effective for control of the Army-worm in oats or grass in pastures and may be used at the same rate as suggested for cutworms.

In an effort to control an outbreak of slugs in a field of ladino clover, one-half of the plot was treated with toxaphene emulsion at the rate of 2 pounds of toxicant in 6 gallons of water per acre. The other half was left untreated. During the following week, several examinations were made to determine the extent of slug control. There was no indication that the treatment was of any value. A week later the other half of the plot was treated with aldrin emulsion at the rate of 1/4 pound of toxicant in 6 gallons of liquid per acre. In each treatment a broadcast spray boom was mounted on a tractor and the emulsion applied so that excellent coverage was obtained. A small area on one end of the plot was left untreated.

Examination of the toxaphene and aldrin treated plots during the following 2 weeks showed no indication of slug control with either material.

This experiment showed that toxaphene and aldrin applied as emulsions at the rate of 2 pounds and 0.23 pound per acre, respectively, were of little value in slug control on ladino clover, although the application of toxaphene was very effective in controlling the cutworms present in the same field.

March Marine  
Quota Increased

The March Marine Recruiting quota for the Mississippi Gulf Coast is the largest since World War II, Master Sergeant Edward B. Laney, Marine Corps Recruiter, announced today.

"Our quota for this month is greatly increased and let me emphasize that it is a minimum and not a maximum quota," the Sergeant stated.

Sergeant Laney stressed, however, that the Marines were not lowering their standards to obtain this high quota. The Sergeant believes that there are enough local young men and women interested in the Marine Corps to make this quota obtainable.

"The main thing that might handicap us in reaching our goal is the false belief held by many that Marine Corps standards are so high that the average man doesn't stand a chance of getting in," Sergeant Laney said, "actually he does not have to be a superman to qualify for enlistment."

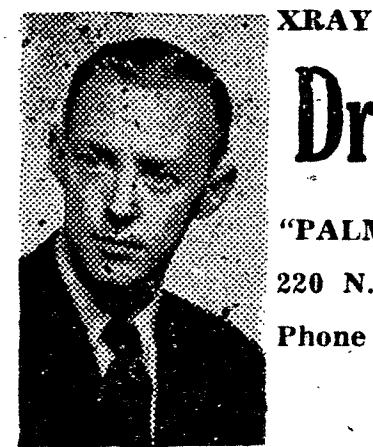

The Marine Recruiter will be at his usual address, County Court House, Bay St. Louis, Miss., on Tuesday of each week, to interview all interested young men and women.

Army Interviewing Team  
To Visit Gulfport

A US Army and Air Force interviewing team from the Mississippi Military District will be in Gulfport Thursday, March 15, from 10 a. m. to 3 p. m. at the Army and Air Force Recruiting Station in the American Legion Building according to S/Sgt. B. B. Moore, local recruiter.

This team is comprised of three officers: Major Helen K. Foreman, WACWAF Recruiting Officer; Captain George W. Bennett, Recruiting Officer for Army and Air Force; and Captain Ralph Doty, in charge of Officer Procurement.

Persons interested in an Army or Air Force procurement program are invited to consult this team. Parents, etc., will be welcomed for any questions they may have concerning prospective members or personnel already in the service.

## LEETOWN NEWS

By DOC THIGPEN

Leetown girls won the Hancock County basketball tournament held in the Bay High gym last week.

The Leetown teams played their first game Friday night, and they defeated the Gulfview teams. Saturday they clashed with Sellers' boys and girls, and the girls won an easy victory; the boys played a good game, but their opponents put them

on the losing end of the score.

The girls met the Salem team in the final game, and the locals took an early lead and kept it all through the game. They defeated their opponents 38 to 22, to bring home the trophy.

This is the second year the girls have won the tournament.

The Leetown boys are in training for the track meet which will be held in the near future.

The campus was landscaped Wednesday afternoon. A number of azaleas, a variety of evergreens and magnolia trees were

planted.

Visiting in Leetown over the weekend was Jimmie Ladner of Sellers.

Rev. Zack Lee and family of Holden, Louisiana, were over. Everyone is happy to learn that Mrs. Lee's health is improving.

Mr. and Mrs. Rance Cuevas visited in the home of her parents in Carriere Saturday night.

Song practice was held in the home of Mr. and Mrs. Lee Monday night.

We are now equipped with a large

## 31st DIVISION "IS A GOOD OUTFIT"

One morning several weeks ago before sunrise I stood on U. S. Highway 80 near Meridian watching the long motor convoys of the Thirty-first Division cross the state line into Alabama. The silence of the cold morning was punctuated by the pronounced roar of dozens of powerful motors. The air and confused by very real memories of other convoys in other years during other wars.

Thousands of young Mississippians were leaving their homes in the rich loam of the Delta land, in state's vast Pine Woods section, in the hills, along the coast, and from every town and county. I talked to several of them before they climbed in the truck cabs and was impressed mainly by their unfailing optimism and enthusiasm. It was three-thirty in the morning they had had little sleep. Yet there was a joyfulness and comradeship that usually exists only in the most seasoned of troops.

One eighteen year old soldier from Canton expressed it this way: "I reckon all of us hate to leave home, but it's something that just has to be done. Since we got to go, it's good to go with fellows you know. A man knows who he can count on." He was, I think, speaking accurately for his buddies. It is the way that many of us feel.

## Newsweek Editor Asked To Observe To Address MEC 4-H Club Week

Raymond Moley, an editor of the magazine Newsweek, syndicated columnist and one-time Assistant Secretary of State during the Roosevelt administration, will be featured speaker at the Seching of the Mississippi Economic Council in Jackson April 21, MEC President A. F. Chisholm of Laurel, announces.

Mr. Moley will address the luncheon session of the second annual meeting. Mr. Chisholm stated, and will climax an all-day session of the Council's membership and other affairs attending.

The guest speaker is best known as an authority in American political and economic affairs. In addition to his writing and extensive travels, he is professor of Public Law at Columbia University. He started teaching 30 years ago, and for the past 15 years has gained nationwide fame as author and speaker on current events. He edited the weekly "Perspective" page in Newsweek.

Mr. Moley, a native of Ohio, now resides in New York. He served the late Franklin Roosevelt as his first assistant in matters of public policy during Roosevelt's first presidential campaign. During Roosevelt's first term, Mr. Moley served as the president's major advisor and assistant in the preparation of messages and public papers. For a time in 1953, he served as assistant secretary of state.

Mr. Moley is known as a "friend of the South," and has been one of the nation's leading journalists to defend the position of the southern states. He opposed many of the New Deal and Fair Deal measures, stating he believed them foreign to basic American principles of government.

The Council is fortunate to secure such an outstanding authority in the field of politics and economics as Mr. Moley to address the second annual meeting, Mr. Chisholm said. "The public, along with our membership, is invited

Also noteworthy is the attitude of these soldiers toward the division itself. To a man they have the utmost confidence and pride in the Thirty-first Division. They know and feel that it is a good outfit. Their realization of Espirit de Corps. There is a spirit in this division. It comes from a soldier's feeling that his squad is the best, that his platoon surpasses all others; that his company cannot be compared to other companies; that his battalion and his regiment are superb. All of these things add up to confidence—a most important element in the making of a soldier.

A captain in a tank unit from Meridian who had seen combat with an airborne division a little more than five years ago said, "I feel good about this outfit somehow. Everyone seems aware of what they are about. They know that there's a job to be done. The Russians may run around us someday, but they will never run through us."

The convoys were passing rapidly and in the early morning light, one could see the dim outline of the vehicles as they picked up speed and left Mississippi. I felt very proud. These National Guardsmen had sensed their patriotic duty and were fulfilling it to the best of their ability. Most of them in those olive-drab Army trucks that morning were boys. They would return men and even better citizens.

State College, Miss.—In proclaiming March 3-11 "National 4-H Club Week in Mississippi," Governor Fielding L. Wright urged that the people of Mississippi observe the week in recognition of character building programs for young people.

Everyone who has the interest of our boys and girls at heart should lend their efforts toward the success of 4-H Club work, he declared.

"The effectiveness with which we train our young people in the ideal of patriotic and intelligent services will largely determine the future of our nation," he said. "In the past year more than 100,000 Mississippi young people have learned valuable lessons in improving their homes, communities, state and nation through the training of the 4-H Club program."

"It is in recognition of the splendid efforts made by these 4-H Clubbers to enrich their lives as they learned to serve by serving, to live by living, to do by doing, and to build by building, that this proclamation was issued."

National 4-H Club week is also the date for the Mississippi 4-H Foundation's 4-H Booster Club Drive, according to R. O. Monro-smith, state 4-H Club leader. The goal of the drive is \$100,000 for the completion of three 4-H training centers and to establish a fund with which to grant scholarships and to provide for educational tours and awards to deserving 4-H members.

Membership in the Booster Club ranges from \$5 to \$1000, depending on ability to support the drive, the state leader said. Members will receive a wallet membership card, a wall plaque and MISSISSIPPI 4-H NEWS, the official newspaper of the Mississippi 4-H Club.

to take this opportunity of hearing him."

## BOLL WEEVIL SURVIVAL

Out of 40 surface trash examinations, the Tallulah Laboratory of the U. S. Bureau of Entomology and Plant Quarantine recently found 2,420 live boll weevils and 242 dead ones to the acre. This was after the temperature had dropped to minus 12 degrees and minus 7 degrees Fahrenheit.

The ice and snow with the recent cold weather acted as a blanket to protect many of the weevils. The survival this year has only been exceeded four times in the past.

Farmers are urged to buy part of his cotton insecticide as soon as possible, and have them ready when needed. The best insurance against weevil damage is a well planned poison program.

Present indications are that the supply of poisons available in 1951 will be critical. In case of heavy weevil infestation this year, the farmer with poison in his barn will be in the best shape. Any poisons not used can be carried over if they are stored properly.

## MANAGE GRAZING

A lot of grazing goes to waste in the Spring. This extra grazing can be used in several ways. One is to put more livestock on. Another is to cut off a section for seed, and still another is to put the extra growth in the silo for feeding when grazing is short.

Save all the clover and grass seed possible as extra seed are going to be needed for the grassland farming program.

When manure droppings get thick over the area, drag a heavy harrow or scatter with a side delivery rake.

Manage clover grazing properly for best results. In the spring when clover growth is lush use a temporary fence and cut off just enough so that livestock will do heavy grazing quickly. Allow as much area as can be grazed down well in two days, then move the fence over. This will give the most from clovers and help keep down bloat.

Another method is to divide the clover field into two or three days, move to another area and keep alternating.

Using a heavier load of livestock during the clover period and getting rid of some after clover is gone is a good practice. However, some will have to be gotten rid of after the clovers are gone as summer pastures will not carry as many cattle as spring pastures.

It is good to graze areas or clover and grass during the heavy clover growing period.

## GARDENING

It's not too late for a spring garden. Even if the weather has delayed your planting a garden, there is still time to have a full spring and summer home garden. In the present era of high prices and possible shortages in some items of food gardening assumes an even more important position in stretching the family dollar.

Don't let insects steal your vegetables from you. Plan now to control them. Don't let the in-

## Phone Service Is Nearly Restored

Jackson—Representatives of the Southern Bell Telephone and Telegraph Company report that service has been restored to nearly all of the telephones in the state that were cut off from service as a result of the ice-storm of January 31.

At the peak of the damage, according to T. E. Harris, Mississippi Manager for Southern Bell, 71 cities and towns outside telephone circuits out of a total of 1206 toll circuits out of the state were down, and a total of approximately 47,000 telephones—or one out of every five telephones in the state—were out of service.

"It has taken nearly 2000 men equipped with 600 vehicles about 4 weeks to reach this point," Mr. Harris declared, "and there's a lot more to be done. The additional work consists of replacing the temporary long distance lines into many cities and many temporary long lines with permanent construction."

"As the big repair job has progressed," Mr. Harris continued, "it has become evident that our first estimates of damage were much too low. Our first quick appraisals indicated that our repairs might not cost more than 2 million dollars!"

"For two consecutive weeks our men erected poles at the rate of nearly 100 a day," said Mr. Harris. "Altogether, the job will require approximately 14,000 poles, about 21,000 crossarms, 1,250,000 pounds of copper line wire, 371,000 pounds of steel line wire, 7 million feet of covered wire, and over 1 million linear feet of cable containing an average of 100 pairs of telephone wires."

"A great deal remains to be done on this big repair job," and it will be several weeks yet before we are able to resume full-scale work on our interrupted program of expansion—a program on which Southern Bell has expended over 45 million dollars here in Mississippi in the five years since World War II—gaining over 103,269 new subscribers in the state to reach a total of 219,145 subscribers in the state on January 1."

On December 31, 1950, more than 1,000,000 dependents of deceased veterans were drawing death compensations and pension payments from the Veterans Administration. Included were 406,626 widows; 306,371 children, and 297,125 dependent parents.

By the end of 1950, more than 2,477,000 World War II veterans had obtained G. I. guaranteed and insured loans having a total value of nearly \$14 billion. Ninety per cent of the loans were for home; the remainder were for farms and businesses.

sects build up in large numbers before doing something about it, have insecticides ready to use when needed.

## URGE GARDENS

State College, Miss.—In view of the present high prices and the shortages that might occur due to the war effort, every family that has a garden plot, whether it be a half acre or a "pocket size" plot is urged to have a home garden, according to K. H. Buckley, associate Extension horticulturist.

Not only will home gardens add to the food supply of many Mississippians, but gardens will aid the defense effort as well. A supply of home-garden vegetables will help in beating the high cost of living.

"Now is the time to plant that spring garden," Mr. Buckley said. "Recent freezes and generally unfavorable weather delayed gardening somewhat but there is still time to have a full spring and summer garden."

"Plant now, English peas, mustard, carrots, tendergreens, onions, radishes and beets. Although it is somewhat late, Irish potatoes planted now in well prepared land will be profitable."

"Aside from the material benefits derived from a home garden, gardening itself can add to the health and pleasure of most people of the state. Office workers can get needed exercise from gardening—it's really fun too. And nothing could add more zest to faded appetites than the sight of fresh green vegetables that you yourself have grown."

Home gardening will provide an added supply of fresh vegetables that can be canned, stored or frozen, stated Mrs. Anna P. Felder, Extension specialist in foods and nutrition. "This will help improve the diets of our people during the winter and in other periods when fresh vegetables are in short supply."

However, she reminded, food preservation is not dependent on the home garden. If for some reason it is impossible for you to raise your own vegetables, you can buy large quantities of fresh vegetables at low cost direct from the farm or local markets.

## 30 PHYSICIANS TO PRACTICE IN MISSISSIPPI

Mississippi's rural areas are gaining additional medical care as a result of the State Medical education loan program. Thirty young physicians who have completed medical training with the assistance of such loans have entered practice in small towns and rural communities. Over 40 now in internship are planning to enter rural practice this summer.

To date 301 Mississippians have received State medical education loans, including those now in practice and internship. Over 200 are enrolled at 24 medical schools throughout the United States at the present time. Attending the University of Mississippi School of Medicine at Oxford this winter are 86 of this group. More than half of the medical students of Mississippi, both those attending school at Oxford and those enrolled in schools outside the state, have received aid through the State loan program.

These 301 have come from 166 towns of 78 of the 82 counties. Twelve are women, 17 are negroes, a large percentage are veterans of World War II. Eighty-six percent of all loan recipients are native-born Mississippians, with 164 still resident in the county of their birth.

Through this program the State of Mississippi lends money to Mississippi residents with which they are assisted to meet the costs of medical education in order that they may enter practice in rural sections of the State. All loan recipients agree to practice for a minimum period of two years regardless of amount borrowed. After five years' practice in an approved rural area the loan recipient receives full credit for total amount borrowed.

Much interest has been evidenced by other States and areas in this plan for obtaining more doctors for the rural areas. Neighboring States of Arkansas, Georgia, Louisiana and Tennessee as well as the Territory of Alaska have recently requested detailed information for study in evaluation and possible establishment of similar programs.

## Curly Loses A Lamb But Keeps A Friend

Awake back Curly Lawson ran into trouble when he started to raise sheep. A big fuss woke him up one night—but it was too late. One of his best ewes was lost.

He figured his neighbor's dog was guilty, but what could he do? Here's how Curly said he solved the problem.

"I took the ewe's orphan lamb and gave it to the little boy of my neighbor who owned that dog. Well, before long his whole family took such a liking to the lamb that they got rid of the orner dog! Now no one's fonder of dogs than I am, but this one was just born bad. Since then,

no more trouble!"  
From where I sit, Curly played it smart by looking ahead. Like the way Andy over at the Garden Tavern works through the Self-Regulation Program sponsored by the Brewing Industry. Under this voluntary program, retailers selling beer co-operate by keeping their places of business clean, bright, and orderly. Andy, like Curly, believes in insuring success with a "good neighbor policy!"

## When Nasty Colds Leave You WEAK AND RUNDOWN HADACOL CAN HELP

If Your System Lacks Vitamins B<sub>1</sub>, B<sub>2</sub>, Niacin and Iron, Which HADACOL Contains

When a nasty cold leaves you in a weakened and run down condition, HADACOL can help build you up if your system is lacking in Vitamins B<sub>1</sub>, B<sub>2</sub>, Niacin and Iron, important elements contained in HADACOL. Many folks have found that this fine family formula helps overcome these deficiencies and soon they feel good again.

Mrs. A. Jimenez, 141 East 13th St., Port Arthur, Texas, gave HADACOL to her young son, Floyd, after he had recovered from a bad cold when she heard how HADACOL was helping folks suffering from deficiencies of Vitamins B<sub>1</sub>, B<sub>2</sub>, Niacin and Iron. It helped him so much in regaining his strength and energy that Mrs. Jimenez's she is always going to HADACOL on hand for Floyd.

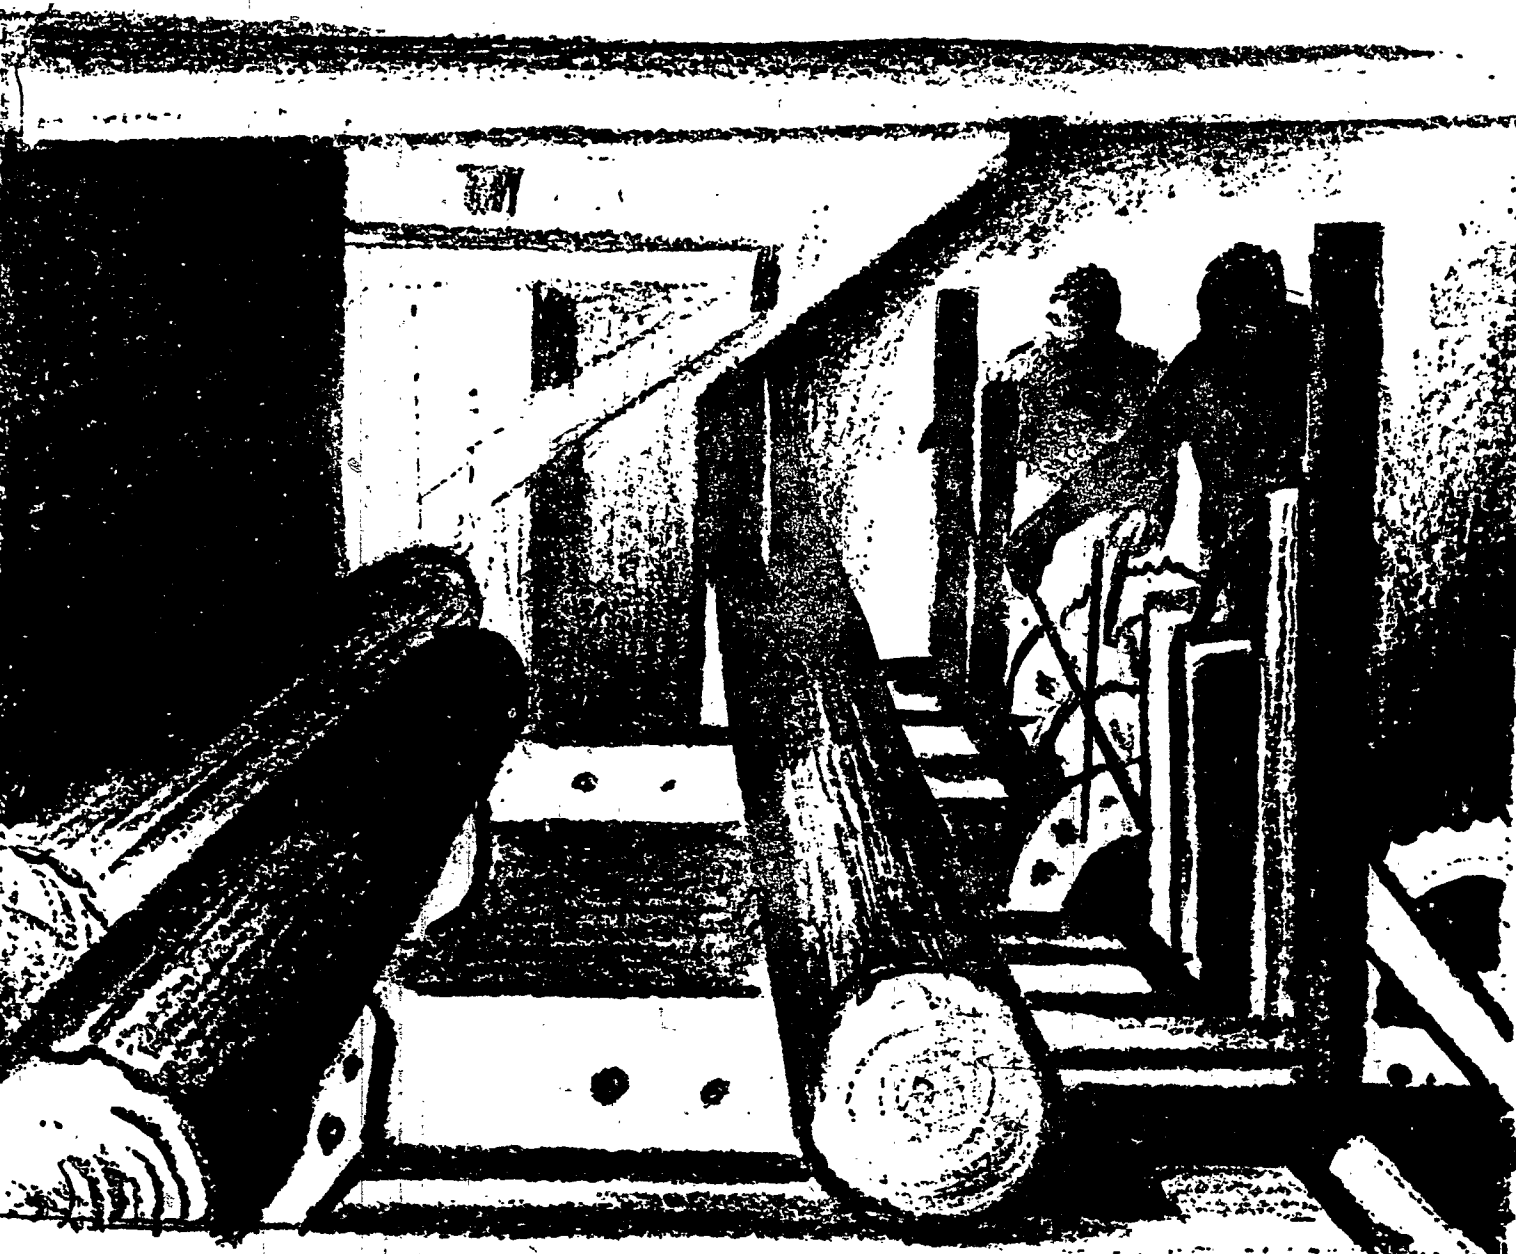

Here is Mrs. Jimenez's statement: "My son Floyd was subject to colds. He's now years old and he was run down didn't seem to have an appetite at all and he simply lacked energy. I heard about HADACOL on the radio and it was about this time that Floyd was just

recovering from a siege of a bad cold. He was very run down and had a poor appetite and I started giving him HADACOL. About a week later he was all right and I could no longer pick him up and he had increased strength. I think HADACOL has done wonders for Floyd, and can't praise it enough. I have continued to give him HADACOL and intend to always have it on hand for Floyd."

Men, women and children of all ages are praising HADACOL for supplying Vitamins B<sub>1</sub>, B<sub>2</sub>, Niacin and Iron which their systems lacked. Don't let that "After-Cold Run-down Feeling" drag you down—HADACOL can help you, too. If you suffer such deficiencies. Sold on a strict money-back guarantee. You'll feel great after the first few bottles you take or your money back. Trial size, \$1.25; large family economy size, \$3.50.

## Ready and Eager to Help!

Last year, Mississippi's 1,100 sawmills turned out a 132 million dollar stack of lumber which brought the people of our state three times as much as they received from lumbering in 1940—the last pre-World War II year.

Yes, our great and growing lumber industry has added much to the peace-time prosperity of our state, and it will increase our importance to the nation in the present emergency. And lumbering, like all of Mississippi's industries, is ready and eager to be of the utmost help.

Along with lumbering and many other great

industries of our state, your telephone system has a much greater capacity now than ever before to help speed needed production of farm and factory. Since January 1, 1946 Southern Bell has expended more than 45 million dollars for new telephone facilities in Mississippi—increasing the number of subscribers in the state by 103,269 to a new high of 219,145 subscribers!

Responding to the continuing demand for more telephones, which always accompanies the need for increased production and efficiency, Southern Bell plans to continue to expand service in Mississippi as rapidly as conditions permit.

Yes, sometimes the things we take for granted represent long hours of work and many dollars of investment. Take natural gas service, for example. More than 26,000 stockholders — people like you and your neighbors — have invested their savings in gas wells, pipe lines, compressor stations and many other properties so that we can provide dependable natural gas service to our customers. That's the way the American business system works — to make life better and easier for all of us.

## Lt. J. A. Erwin Assigned To Human Resources Research Center In Texas

Air Force First Lieutenant John A. Erwin, son of Mrs. Florence Erwin, 112 Carroll Avenue, Bay St. Louis, has been assigned to the Human Resources Research Center, Lackland Air Force Base, San Antonio, Texas. Prior to his present assignment he was attached to Headquarters, 14th Air Force, Robins, Air Force Base, Georgia.

A member of the Air Force since June 1941, on both active and reserve status, Lt. Erwin received his commission as a First Lieutenant in October, 1950. During World War II he was awarded the ETO Ribbon with four Bronze Stars, the Good Conduct Medal with Clasp, the Unit Presidential Citation with Clasp, and the Victory Medal while serving with the 6th Air Force in England and the 5th Air Force in England, France and Belgium. He was

stationed in the European Theatre for a period of 34 months. A graduate of Bay St. Louis High School and the Traphagen School of Fashion, New York, New York, Lt. Erwin will serve as Adjutant to the Squadron commander at his new station.

Commanded by Col. Clark L. Hosmer, the Human Resources Research Center was established during the early phase of World War II, and has contributed materially to the high degree of team-work and moral now being manifested in the Air Force. The primary mission of the Human Resources Research Center is to scientifically test and evaluate, individually, each man and woman entering the Air Force, in order to determine the particular job for which their skills and talents best qualify them.

Visiting here last week from Bay St. Louis were Willie Carbonette and daughter, Elizabeth. They were the guests of his parents, Mr. and Mrs. Jimmie Carbonette.

Whereas: On the 12th day of February, 1951, God in His Infinite Mercy, released from human suffering, our beloved sister, charter member and co-worker, Mrs. Frances Landry, and called her faithful spirit to its home of Eternal Peace; and

Whereas: Bay St. Louis Review Number 10 Woman's Benefit Association has lost a charter member, faithful and loyal sister, her family a devoted mother, and the community a true friend, the Church a loyal Christian.

Therefore, be it resolved, that we, the sisters of Review Number 10, Woman's Benefit Association, pay tribute of respect to this loyal sister, whose passing has left in our hearts a sadness that can be lightened only by the remembrance of her faithfulness and loyalty to our Review;

That in testimony of this fraternal loyalty we extend to the bereaved family, our deepest sympathy and pray that He, Who perfects all, will abide and sustain them in a way we cannot;

That a copy of these resolutions be sent to her family, a copy be spread on the records and a copy be published in each local paper.

## Parts Awarded In Senior Class Play

The senior class of Pass Christian high school will present a three-act farce entitled "Saved by the Bell" Friday, April 13, in the auditorium of the high school.

The play will be under the able direction of Miss Sidney Alexander, instructor in the English department.

Rehearsal got under way this week with the following assignment of parts:

Mitzie Walsh, to be played by Mary Benvenuti; Lulu Green by Patsy Cox; Harriet Shaw by Janice Galloway; Pudge Roberts by Ouida "Tee" Hagin; Mrs. Fish by Joyce Niolet; Bonnie Harris by Betty Jones; Doris Carson by Gloria Cuevas; Ginnie Ellis by Jerry Norris; Rita Powers by Rosie Greco; Warren Sands by Leroy Lizana; Slugger O'Day by Dick Hooker; and Jackie Clark by Bob Waltman.

## Softball Group Meets In Pass

The Pass Christian Softball Association met last week to make plans for the coming season which will probably get underway about the middle of April, according to W. P. Conner, league official.

Four notes were redeemed at the meeting. These notes were drawn from the remaining 19 notes still held by the association. Of the original sixty notes these 19 remained unpaid. The association was complimented on the progress made in reducing their indebtedness; a spokesman stated that the association is now in excellent shape.

## Hold Services For Mrs. O. Ladner, 74

Funeral services for Mrs. Onelia Ladner were held Saturday afternoon, March 3, at St. Paul's Catholic church with Father J. P. McGlade officiating.

Mrs. Ladner, who was 74 years of age, passed away Thursday morning at her home at 160 West North street. She was born in Delisle, February 16, 1877, and had resided in Pass Christian for the past 25 years.

Widow of D. F. Ladner, her survivors include the following children: Mrs. Avery Allen, Sr., Miss Maggie Ladner, Mable East, Erling Van Ladner, Mrs. Eva Fayard and Jesse Ladner, all of Pass Christian.

Interment was in the Fenton cemetery with Clyde Ladner, Elvis Ladner, Clifton Ladner, Gus Ladner, Claiborne Fayard and Henry Easterling acting as pallbearers.

## PLAN REVIEW

A book review will be given for the benefit of the Ladies Auxiliary of the Methodist Church of Pass Christian Monday, March 19, at the home of Mrs. George K. Shields, 801 East Beach.

Mrs. Pauline Current Dabney will review "White With Doctor." The public is cordially invited to attend, and an invitation has been extended to the ladies auxiliaries of all churches.

## NIOLET INFANT CHRISTENED

The infant son of Mr. and Mrs. Exavier Charles Niolet, Jr., East Beach Boulevard, was christened Gregory Lee Niolet, Sunday, February 25 at St. Paul's Catholic Church with Father J. P. McGlade officiating at the ceremony.

Miss Betty Jo La Rosa, maternal aunt of the baby, of Pass Christian, and Jake Morreale, Jr. of Bay St. Louis, were sponsors for Gregory Lee.
